[LinkedIn ↗](#) [Portfolio ↗](#)

I'm a driven undergraduate studying for a BA in Technical Communication. Between my technical writing coursework, a non-profit internship, and my current work as a content creator, I've built hands-on experience in user-friendly documentation, instruction manuals, technical editing, and administrative support. I'm a 4.0 student — detail-oriented, organized, and self-motivated — looking forward to growing professionally and building on my skillset through every new opportunity.

EXPERIENCE

Content Creator, Travel on Purpose — Bonsall, CA

08/2024 – Present

- Collaborate with the company owner over Zoom to shape ideas that strengthen the brand's overall look and content output
- Optimize content for publication, matching platform sizing and keeping colors and fonts on-brand
- Built Canva proficiency creating flyers, Instagram posts, curated trip booklets, infographics, and book club packets
- Researched and wrote blog posts on topics like "Overtourism" and "How to Stay Healthy While Traveling"

Summer Intern, Tirzah International — Los Angeles, CA

06/2024 – 08/2024

- Wrote and edited content for a grant request, donor emails, and blog posts for a non-profit organization
- Analyzed and wrote up testimonials from Emerging Leader Program graduates to support a grant request
- Interviewed program participants and produced global impact stories for the website and donor emails
- Planned and built materials for a Peer-to-Peer fundraiser, including invitations, a schedule, and a host instruction manual

Supplemental Instruction Leader, Tarrant County College — Hurst, TX

09/2024 – 05/2025

- Designed and led 1-hour study sessions 3-4 times a week for students struggling with course material
- Used Word and PowerPoint to build and distribute session plans; engaged students with games and visual aids in-person and via Teams
- Collaborated with fellow SI leaders on office-approved lesson plans and worked closely with the professor to keep sessions on-topic

APPLICABLE COURSEWORK

TECM 3010 — The Profession of Technical Communication

Wrote a Canva technical-instructions piece for beginners and contributed research, writing, and slides to a Group Proposal Project.

TECM 3500 — Digital Media

Built skills in social/video marketing, search optimization, AI content creation, and email & SMS marketing.

MKTG 3651 — Foundations of Marketing Practice

Built B2B and B2C marketing mixes and applied ethical marketing principles across simulated strategy assignments.

ENGL 3160 — Nonfiction Creative Writing

Wrote across memoir, personal essay, and literary journalism, with peer review and editing sessions.

TECM 3550 — Content Strategy

Completed a content audit, analytics analysis, persona, editorial calendar, and Content Strategy Plan; coded a "How To" page in DITA.

JOUR 2310 — Intro to Media Writing

Interviewed subject-matter experts and wrote three edited articles for publication in a school paper.

LTEC 4060 — Project Mgmt. & Applied Tech.

Applied project planning, management, and evaluation methods to real-life situations.

TECM 3100 — Visual Technical Communication

Studied document design and visual communication best practices for print and online documents.

TECM 4190 — Technical Editing

Practiced copyediting through developmental editing, and communicated editorial decisions to authors.
